ASSISTANTS

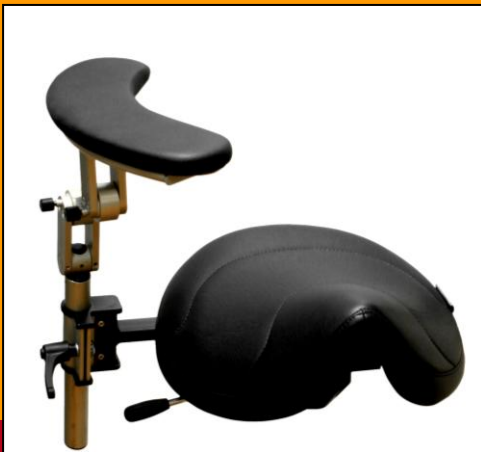

SADDLE CHAIRS FOR SURGEONS AND ASSISTANTS

- **Wide range of designs saddle chairs to match individual needs**
- **Foot adjustment for operating environments**
- **All chairs can be equipped with Rinis unique safety armrest "Rilis"**
- **Stable design providing a safe workplace**

Sit correct and feel much better! More and more chooses saddle chairs to avoid back and shoulder related problems. Our wide range of saddle chairs guarantees that you find the one that suite you best.

By using the saddle chairs correctly, a balanced correct seating is achieved thanks to the shape of the seat and an open hip angle. The chairs are available in different colours and material; leather, leatherette, PVC fabric and fabric.

AMAZONE

- For you who find other saddle chairs too wide
